

Fraser Valley Reining Club

A chapter of **Western Canadian Reining Association**

Attention:

Reining is one of the fastest growing disciplines in the equestrian world. It is fast-paced, and demands a high degree of athleticism and finesse from horse and rider.

Our Fraser Valley Reining Club is the local chapter of the Western Canadian Reining Association, a BC-wide organization that promotes the sport of reining from the grass roots up. We are hard at work preparing for our 9th annual show, "Slide out West," a 3-day event that gets bigger and better every year.

In 2006 we added five new classes to the lineup and it proved to be a winning formula. From beginner Reiners running their first patterns, to big name professionals who can "slide a mile," riders came from all across British Columbia, from Alberta and Washington State, to compete at Chilliwack's famous, state-of-the-art Heritage Park arena. They left with smiles on their faces, and promises to come back this year.

2006 was a banner year for Canadian Reiners on the international front, with Canadians capturing gold individual and silver team medals at the World Equestrian Games in Germany. These performances have heightened interest in our sport among horse people from all disciplines. We are dedicated to developing our local athletes so that Canadians can continue to be successful in national and international competition.

Besides the hard work of our members, we need the support of businesses like yours if we are to reach our goals. The accompanying pages outline some sponsorship options. We feature our sponsors on our frequently visited website and we actively encourage our members, competitors and spectators to use our sponsors' products and services. As a sponsor, you will be invited to attend our show and present your award, or we will be happy to make the presentation on your behalf.

We appreciate your support and we will follow up with you shortly.
